Photo of the week

Many congratulations to our
high school soccer boys team for
their first win

Gobind Sarvar 1
John Knox Christian 0

The last two weeks of school have been very busy with so many programs. One of these programs was to elect a student council. This has now been done and the following individuals are now the confirmed members of the student council:

Head Prefect - Harlene Dhillon

Upcoming events

Thurs 26th September

Soccer match v John
Knowles Christian School

Thurs 26th September

PAC open house for
parents (Kg - gr 5)

Mon 30th September

Pro - D day - No school
today

Tues 1 October

Orange Shirt Day

Grade 9 prefect - Aykam Takhar
Grade 8 prefect - Prabhvir Dhillon
Grade 8 prefect - Jaikar Brar
Grade 7 prefect - Anhadjot Kaur Atwal
Grade 6 prefect - Keerat Kalkat

These prefects have already started working in many leadership activities. So far, they have been given the following responsibilities:

- traffic management
- help at PAC functions
- help at fundraising
- help at Terry Fox Run
- and so on

Victory in Soccer

Our soccer sports program has started and our high school boys have already played two matches. Our first match was against Regent Christian Academy which is one of the top teams. Our second match, against John Knox Christian, was played a couple of days ago and our boys played brilliantly. The time and effort that the players had put into practice clearly paid off as we won this match. The winning goal was scored from a penalty by Manjodh Chokkar (gr 10).

We are very proud of our high school boys soccer team and wish them all the best in the games that are still left to be played. We also thank Ms. Rajvir Mattu and the soccer coaches and volunteers that have helped to train our athletes.

As many of our students will be participating in sports, it is crucial that they keep up with their academic

Mon 14 October

Thanksgiving Day - no school

16 - 17 October

Caribou math contest for grades 3 - 10

Full Calendar

No Litter Zone - Grade 2

The City of Surrey, in partnership with Skye Consulting, offered a highly interactive and curriculum-connected workshop about waste, that affect our community. Students of grade 2 explored the environmental and social issues with litter. This program consisted of an interactive in-class workshop in which different types of litter was explained and a hands-on litter investigation.

After the workshop, the students were taken outside to participate in an outside cleanup.

work.

SEHAT program

Last week was "Health week" at Gobind Sarvar School. Every day, the volunteers from the Fraser Health attended to a stall in front of the Elementary School. They were assisted by members of our student council.

The SEHAT team had displays on sugar (Monday) and allowed students to taste test healthy (and low sugar) smoothies on Tuesday. Wednesday was devoted to promoting benefits of a healthy breakfast and Thursday was again a taste test. Each day, members from our student leadership were helping to take surveys and prepare the food.

We hope that our students (and parents) benefited from this program. We remind parents to pack healthy snacks for the students and avoid foods that are high in sugar.

Anhadjot Kaur Atwal

Our students are doing great things. While most of us were enjoying summer, one of our students, Anhadjot K Atwal, who is currently in grade 7 was busy writing a story for Kayak Kids' Illustrated History Challenge.

Thousands of students made entries but only the best go through. We are delighted that Anhadjot has been named a finalist for the 2019 Kayak Kids' Illustrated History Challenge.

As a finalist, Anhad Jot Kaur Atwal will be awarded a complimentary subscription to Kayak magazine. You can read the story posted by clicking on the link below.

We are so proud of Anhadjot and wish her all the best.

Uniforms

As we are an independent school, we have a uniform. We are informed by our uniform supplier that the uniforms should be arriving during the next week. At that time, we would expect every student to be in full school uniform.

Until then, returning students should be

wearing their uniforms from last year.

Terry Fox Run

Last Friday, Gobind Sarvar School participated in the annual Terry Fox Run. The event took place on the soccer field and was attended by all students, teachers and many parents.

This is an annual event in which schools all over the country organise a run to commemorate the marathon of hope. Every year, lots of funds are raised to fund research into this disease. Gobind Sarvar School also collected funds from the community and we will find out this week the total amount that was raised by our community.
